DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed on 01-30-06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): for example, in claim 14, lines 5-7, insertion of --, wherein the capacitor is formed as a trench capacitor in a semiconductor substrate, in which the first electrode plate is formed as a doped section of the semiconductor substrate in a trench wall, after "and a layer made of polysilicon", was not properly indicated. The amendment filed 01-30-06 has not been entered. Applicant must present an amendment relative to the claims prior to the amendments filed 01-30-06, and 11-08-05, which comply with US 37 CFR 1.121. The examiner has attempted to point out all instances of non-compliance. However, possibly not all instances of non-compliance are indicated. Applicant is required to carefully inspect future amendments for full compliance with US 37 CFR 1.121. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joannie García whose telephone number is (571) 272-1861. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Matthew Smith, can be reached on (571) 272-1907. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
